

Cindy is the daughter of Dianna Durkin and took ownership of the Dianna Durkin Dance Studio in 2015. Her focus, as owner, is to create a safe and nurturing environment for our students to learn dance from highly qualified teachers. Along with our teachers, Cindy strives for our students to also learn lifetime characteristics, such as integrity, leadership, responsibility & professionalism. Her goal is to create a dance family within our studio, so each and every student feels welcomed & appreciated.

Cindy began her dance career at the age of 2 at DDDS. She also has taken years of dance at the Canton Ballet & the University of Akron. She has also studied with countless master dance teachers, all over the country, during her lifetime. Cindy now specializes in her first love, Tap. She strives to make her Tap classes a place where dancers are motivated to improve their skills and unleash their creativity while doing something they love! Cindy continues her Tap and studio management education by attending conventions, online seminars and classes. She is constantly striving to make DDDS the most highly respected dance studio in our area.f
